

## DAY AND NIGHT VAULT!

If you need to make a payment of daily trade profit during the Bank non-working hours, KBC Banka enables you to use the service of day and night vault, which will significantly facilitate your operation.

Day and night vault is a modern way of operation which enables the simple depositing of RSD assets on the company business account. It is a special vault located in the protected area of the Bank secured from burglary, robbery and fire in which the clients can deposit their trade profit in a fast and easy way.

The service of day and night vault is available to entrepreneurs and legal entities that have opened RSD current account in KBC Banka. KBC Banka enables its clients the vault access code and PVC bags for depositing of cash.

You can use day and night vaults on two locations:

- In Master Centar, Novi Sad, Hajduk Veljkova 11
- Šabac, Mačvanska 8.

Day and night vault of KBC Banka - You are always the first in line!
